Evolve

—

[ P/N: I would have entered this in the local TV station's song contest, but I'm too old! Grrâ€!]

—

We have fought

Side by side

We have faced

Everything

Together

We have seen the stars collide

Together

We have saved the human race

Together

You and me, side by side

But now

Something's changed in you

Somehow

I must accept this change in you

Evolve

Look at you, what you've become

Evolve

A new face, a new name:

I resolve to make you welcome

Because inside, you're still the same

We have faced

Hardship and sorrow,

We have won

Against all chances

But now

I have to face tomorrow

But now

The sunlight dances

Through the tears that I shed

For the face that is dead

Though you're still here with me,

It's not your face I see

I now see who you are meant to beâ€¦

And even though I cry

I know you didn't die,

For even now, I see you in your eyes.

I can see you in your eyes.

Evolve

Look at you, what you've become

Evolve

A new face, a new name:

I resolve to make you welcome

Because inside you're still the same.

And even though I cry,

I know you didn't die,

Because I see you in your eyes.

I can see you in your eyes.
